

THE TWO CATEGORIES

Category	Material path	Armor formula	Trained	Cast?
Light	leather / hide	10 + Agility + material	Scout, Priest, Warrior	✓
Heavy	metal / stone	10 + Might + material	Warrior	✗

- **Mage:** no armor (any armor blocks arcane casting). Armor = 10 + Agility (+ shield).
- **Priest:** light only — casts divine freely in light; not trained in heavy.
- **Untrained armor:** disadvantage on all Agility & Might rolls *and* no spellcasting.

LIGHT — LEATHER / HIDE (Agility)

Gr	Material	Power tier	+Armor	Price
1	Hide	Apprentice 1–3	+1	5g
2	Leather	Apprentice 1–3	+2	20g
3	Studded leather	Veteran 4–7	+3	120g
4	Scaled	Veteran 4–7	+4	500g
5	Dragonscale	Master 8–10	+5	4,000g

HEAVY — METAL / STONE (Might)

Gr	Material	Power tier	+Armor	Price
1	Iron	Apprentice 1–3	+3	75g
2	Steel	Apprentice 1–3	+4	200g
3	Dwarven	Veteran 4–7	+5	800g
4	Orcish	Veteran 4–7	+6	2,000g
5	Ebony	Master 8–10	+7	5,000g
6	Daedric	Master 8–10	+8	12,000g

Same six materials as weapons; here the column that matters is Armor.

SHIELDS (flat, on top of Armor)

Shield	+Armor	Notes
Buckler	+1	
Shield	+2	
Tower shield	+3	both hands; difficult terrain –2 Speed

Material-agnostic (flat). One-handed slot — not with two-handed weapons. OK with a Priest's light casting.

DEFENSES

Armor = 10 + Agility + armor (light)

Armor = 10 + Might + armor (heavy)

Mind = 10 + Mind · Spirit = 10 + Spirit

EXPECTED DEFENSES BY TIER (monster design)

Power tier	Light (Agi)	Heavy (Might)	Caster (none)
Apprentice 1–3	15–17	16–18	11–13
Veteran 4–7	17–19	19–21	12–14
Master 8–10	19–20	21–23	13–15

The spine of the bounded math — materials are pinned to tiers so monster attack bonuses keep pace.

WORKED EXAMPLES

- App Scout, Agi +5, **Leather**: 10+5+2 = 17 .
- App Warrior, Might +4, **Steel** + Shield: 10+4+4+2 = 20 .
- Vet Priest, Agi +1, **Studded**: 10+1+3 = 14 , casts freely.
- Master Warrior, Might +5, **Daedric** + Tower: 10+5+8+3 = 26 (hardest target; no hands, no casting).

REMEMBER

- **No medium category** · **no Agility cap** on light.
- The material *is* the bonus — no "base + material" stacking.
- Shields are flat +1/+2/+3 (material-agnostic).
- **No spellcasting in heavy armor — for anyone.**
